

Summary

The printing industry based on use of a paper medium is declining. The royal road of media was printing media from the first however, it passed away and the present age turned into a time of multimedia. Since the printing media turned into a part of many media, the value descended rapidly. But the printing media as a paper medium is still actually used by the popular hand. I want to raise once again worth of the printing media which utilized the paper medium. Then, I thought that a family's bonds would be raised by making into a means the magazine appendix which is increasing in recent years. Although it is an individual definition, the thing of the consciousness which is going to raise a family's bonds by such a method will be named a retrospective sense. When telling a retrospective sense, bonds itself of a family are important mental conditions. About this, the questionnaire survey was conducted in order to investigate the degree of a retrospective sense. It is possible to build up a new hypothesis from the result.
